MECHANICAL ESTIMATOR

**Are you a Mechanical Estimator with 10+ years' experience and expertise in the ICI sector?
Are you looking for an employer that truly values you, your work and will encourage and
support your career interests and growth?**

L. J. Barton Mechanical Inc. is currently looking for a Mechanical Estimator to join our team! This is an excellent opportunity for an experienced team player with a positive outlook who wants to be a part of a growing and dynamic organization. Working with a professional and diverse group of tradespeople and office staff, this position offers comprehensive compensation including competitive wages, access to the group benefits and pension plan, and ongoing learning opportunities.

Key Responsibilities/Qualifications:

- Pursue business opportunities in existing and emerging market segments; able to build and maintain relationships with key industry contacts
- Analyze and interpret construction drawings and specs and know how they come to life in the field
- Using estimating software, prepare accurate take-offs and detailed cost breakdowns of project; able to maintain accuracy while working within tight deadlines
- Close large construction projects with minimal supervision; must enjoy the competitive bidding process!
- Effectively hand over project information to construction team for successful bids
- Provide technical leadership and mentoring to a motivated and enthusiastic estimating department
- Demonstrate the highest standard of customer service, with a customer-focused, positive attitude
- Quickpen/Auto-Bid estimation software experience
- College diploma or Bachelor's degree related to Construction, Civil or Mechanical Engineering
- Microsoft Office, MS Project

**Email your resume with cover letter to careers@ljbarton.com.
Please note, only qualified candidates will be contacted.**

Build your future here.

Established in 1990, L.J. Barton Mechanical Inc. has grown to be the 'go to' multi-trade contracting company in the communities and sectors we service, delivering a standard of care and excellence, quality of work, and value that exceeds industry benchmarks and customer expectations.
