

ESTIMATOR

Are you a reliable and hardworking Estimator?

Are you looking for an employer that truly values you and your work and will also encourage your career growth?

L.J. Barton Mechanical Inc. is currently looking for a full-time Estimator to join our dynamic team! This is an excellent opportunity for an experienced, energetic team player who wants to be a part of a growing organization. Working with a professional and diverse group of tradespeople and office staff, this position offers comprehensive compensation including competitive wages, access to the group benefits and pension plan, and ongoing learning opportunities.

Key Responsibilities:

- Lead the internal process of estimating project costs, risks and project milestones
- Create RFQ's and determine project scope of work, including subcontractors and equipment requirements
- Read and interpret blueprint drawings and specifications for estimating
- Provide innovative solutions for cost models and tools for the estimating team
- Develop strong business relationships with customers and General Contractors
- Apply valued engineering and cost savings strategies

Qualifications

- Must have the ability to read and interpret blueprint drawings and project specifications
- Field experience in an HVAC environment highly desirable
- Can visualize the completed building structure and how its assembled before breaking ground
- Proven communication skills through collaboration with all project stakeholders
- Strong analytical skills while focused on cost savings and detailed accuracy
- Team focused with ability to work independently to meet deadlines and goals

**Email your resume with cover letter to careers@ljbarton.com.
Please note, only qualified candidates will be contacted.**

Build your future here.

Established in 1990, L.J. Barton Mechanical Inc. has grown to be the 'go to' multi-trade contracting company in the communities and sectors we service, delivering a standard of care and excellence, quality of work, and value that exceeds industry benchmarks and customer expectations.
