

L.J. Barton
Mechanical Inc.

HVAC/REFRIGERATION TECHNICIANS

Are you a reliable and hardworking licensed HVAC Technician, looking for an employer that truly values you, your work and will encourage and support your career interests and growth?

L.J. Barton Mechanical Inc. is currently looking for experienced, customer focused, energetic HVAC Technicians to join our dynamic team and growing HVAC division. This position offers comprehensive compensation including competitive wages, access to the group benefits and pension plan, and ongoing learning opportunities.

Ideal candidates will be licensed with a minimum 2 years' experience, possess a G1 gas License, valid Class G Driver's license with a clean abstract and have the ability to multi-task within a variety of HVAC industry applications.

Key Attributes/Responsibilities:

- Skilled in maintenance, diagnosis and repair of HVAC related equipment and components in the Commercial and Industrial sectors focusing on, but not limited to:
 - ✓ Packaged HVAC
 - ✓ Make-up Air
 - ✓ Boilers
 - ✓ In floor Heating Systems
 - ✓ Refrigeration
 - ✓ VRF Systems
 - ✓ Pumps/Motors/Drives
- Ability to identify opportunities for additional business (system upgrades or replacement, maintenance contracts, etc.)
- Ability to work independently and with co-worker on Preventative Maintenance Contracts and Service
- Respond directly and effectively to customer emergency needs when "on call"
- Demonstrate the highest standard of customer service providing a customer-focused, positive attitude
- Encourage, engage in and support a "continuous learning" philosophy within the service group and throughout the company, sharing knowledge, collaborating with and mentoring others when appropriate

**Email your resume with cover letter to careers@ljbarton.com.
Please note, only qualified candidates will be contacted.**

Build your future here.

Established in 1990, L.J. Barton Mechanical Inc. has grown to be the 'go to' multi-trade contracting company in the communities and sectors we service, delivering a standard of care and excellence, quality of work, and value that exceeds industry benchmarks and customer expectations.
